PROFESSIONAL SUMMARY

Motivated computer science student passionate about solving complex problems through innovative technology solutions. Proficient in programming languages such as Java, Python, SQL, with a solid understanding of data structures and algorithms. Proven ability to work collaboratively in a team environment and adapt to emerging technologies. Eager to contribute technical skills and learn from real-world challenges in a professional setting.

CORE COMPETENCIES

- ✓ Strong analytical and problem-solving skills
- ✓ Proficient in Microsoft Excel or other data analysis tools
- ✓ Excellent written and verbal communication skills in English
- ✓ Familiarity with data analysis principles and practices
- ✓ Ability to work independently and as part of a team
- ✓ Knowledge of statistical analysis tools and techniques
- ✓ Strong organizational skills and the ability to manage multiple projects simultaneously
- ✓ Experience with data visualization tools.

EDUCATION BACKGROUND

DIT UNIVERSITY, DEHRADUN

BACHELOR'S IN COMPUTER SCIENCE ENGINEERING | 2020- 2024

- Developed a solid foundation in various data analytics techniques such as Descriptive Statistics, Time Series Analysis through coursework and hands-on projects.
- Demonstrated proficiency in Python through successful completion of coursework and projects.

INDIAN INSTITUTE OF TECHNOLOGY, MADRAS

B.Sc IN DATA SCIENCE AND PROGRAMMING | 2022-2026

- Building and maintaining a strong understanding in Statistics for Data Analysis.
- Creating guides to document the processes and maintain business continuity.

RELEVANT PROJECTS

Visualizing COVID-19

17 AUGUST 2023- 16 SEPTEMBER 2023

- In my COVID-19 data analysis project, visualized trends using graphs and maps. Descriptive statistics and predictive models helped reveal insights, aiding informed decisions in managing the pandemic effectively.

Real-time Insights from Social Media Data

2 MARCH 2023 - 30 MARCH 2023

- In a real-time social media data analysis project, continuously monitor and analyze live social media feeds, extracting immediate insights on trending topics, sentiments, and public reactions for swift decision-making.
